

CRAFT YOUR VERY OWN BESPOKE KIT

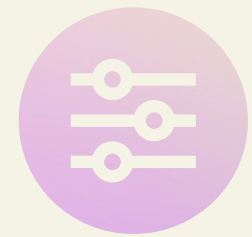

Customize gift boxes with your company
branding and core values front & center.

What is Goody for Business?

Goody is the perfect way to send personal and business gifts with only a phone number or email address. Our business gifting platform is a first-of-its-kind tool that lets companies send and track memorable business gifts for any use case, from employee onboarding to work anniversaries and more. Our curated gift collection features on-trend, high-quality products for every occasion and price point.

Personalized gifts

with your company brand voice and values in mind.

No address needed

Gift your new team members or loyal clients and have gifts ship right to their door.

Create community and connection across the team from day one

Curate thoughtful kits with useful items that let your recipients know you care.

Automate your gifting efforts

Integrate Goody with your HR Platform and enroll in Autogifting for seamless gifting.

Why Create a Bespoke Kit

At Goody, we're passionate about creating community.

It's important to create moments for your employees and clients to connect and stay engaged with the mission and goals of your company. Here's how creating a bespoke kit can help:

→ **Building company culture and brand reputation.**

Align new team members and clients on brand values, mission & what's important.

→ **Reduced turnover.**

Employees that feel appreciated are more likely to be engaged, do better work and grow longer-term with the company.

→ **Faster results.**

The quicker a new hire feels comfortable and adjusted, the quicker they'll start producing good quality work.

→ **Increased brand loyalty.**

Foster a customer community of brand evangelists that recommend your brand and company first. Don't forget word of mouth is still the most powerful marketing tool.

How Custom Gifting Works

→ How do bespoke kits work at Goody?

Goody offers a curated selection of top quality, on-trend items to fill your bespoke kit. We will work with you to create a kit of useful and great looking items that match your company or brand's identity, makes employees feel welcome and that clients will love. We'll guide you through the experience to ensure all of the elements turn out exactly the way you imagine.

→ How does Goody make onboarding gifting efforts easier?

Goody's technology makes your employee onboarding gifts efforts easy. From seamless address and size collection, to shipping updates, thank you notes and gift scheduling, Goody's features enhance the new hire experience and streamline work for HR and Employee Experience teams. Goody also offers upgraded options to integrate your HR system and fully automate the process of welcoming new hires with bespoke kits.

→ How will my recipients know when a box has shipped?

Goody makes it easy to keep organized with shipping and delivery updates. Your recipients will receive both a text message and an email with tracking information as soon as their bespoke kits ship out.

→ What are best practices around collecting sizes for branded items?

The Goody digital gifting experience makes it easy to collect the sizes of all of your team members without any extra administrative work or forms to maintain. Please do note that orders for branded items are not placed until we have collected all of the sizes. If you're looking to purchase branded items for future new hires - we will work with you to estimate anticipated quantities based on best practices.

→ What are the lead time for custom branded items?

Custom branded items typically have a 4-8 week lead time for production. If you're working towards a specific deadline, please communicate this to your sales rep so we can work with you on the right options to ensure we meet your expectations!

Bespoke Boxes We Love

Create a Kit

*minimum quantity 50 units

Step One

Select the number of items to include

No of Items	Estimated Pricing Range
4	\$90 - \$200
6	\$150 - \$300
8	\$200 - \$400
10	\$250 - \$500+

Note: this is a guideline final pricing is based on customization added, unit quantities, shipping, fulfillment fees, sales tax, etc.

Step Two

Choose items to fill your box

Some details to consider first:

- ➔ How do I want my company / brand to be represented?
- ➔ Is there any specific message I want to convey?
- ➔ What kind of budget am I working with?
- ➔ How can I communicate my company core values to a new employee/client?
- ➔ What would make a new team member feel welcome?
- ➔ Are there any tools or products that might be helpful to an employee's new role?
- ➔ Should the products included be very professional, or a little more fun?

Step Three

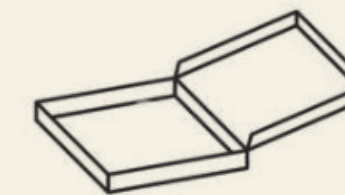

Choose box & packaging style

Packaging costs start at \$7 per unit.

Plain mailer

Classic look of Kraft paper - one piece box that ships all-in-one

Custom mailer

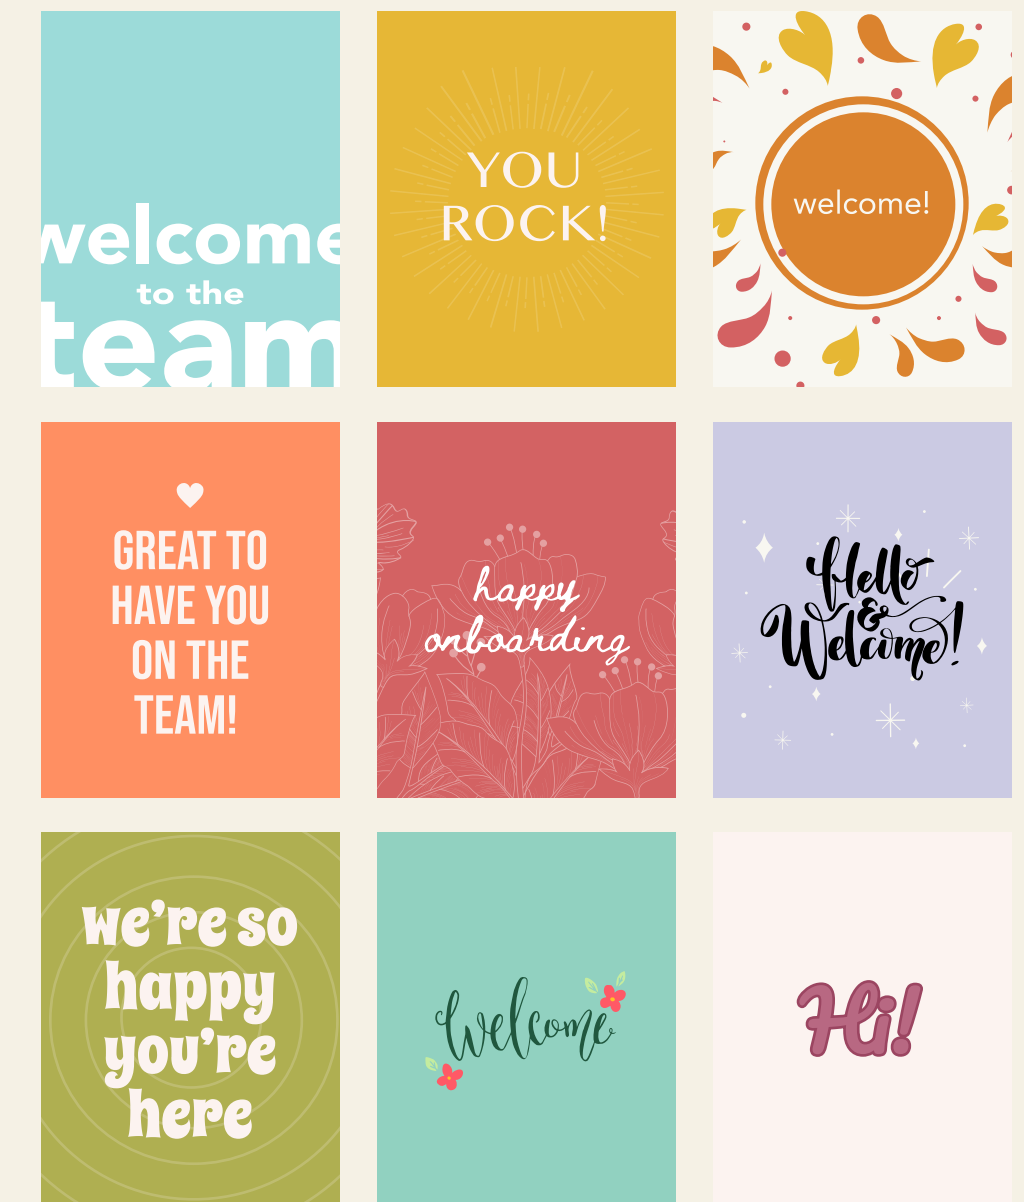

Fully customized design-one piece box that ships all-in-one

Packing Materials

- Natural Kraft paper
- Eco spiral fill in black or white
- Custom branded tissue
- Custom branded packing tape

Step Four

Add a notecard

Starting at \$2 per card
